

17th April 2007

Testimonial letter recieved from Tecum.

**Diesel fuel consumption reduction with EPP™/ Envirox™**

To whom it may concern,

We testify with pleasure that we use your products (EPP™/ Envirox™) since 15th of December 2006 in our fleet of vehicles of the construction yard to achieve a Diesel fuel consumption reduction.

Since this date we recognised that our vehicles (built 2000 and later) save more than 5 to 8% Diesel fuel.

We're very satisfied with this result and our manager Herr Albrecht is happy to provide a verbal reference on +49-2428-2468.

We wish you and your product good success.

Best wishes

Herr Albrecht
